## Democratic County Convention.

The delegates elect of the different Hundreds of New Castle county are hereby notified to attend a Convention to be held at the Court House, in the town of New Castle, on SATURDAY, the 5th day of September next, 1874, at 1 o'clock, P. M., for the purpose of nominating Representatives to the Legislature and Levy Court, and to take such other action in relation to the approaching canvass as shall be deemed advisable.

JOHN P. COCHRAN,
Chairman.

Aug. 26th 1874.

## County Mass Meeting.

A Grand Mass Meeting of the Democratic citizens of New Castle County will be held in New Castle on Saturday, (to-day,) immediately on the close of the Delegate Convention to ratify the nomination of our Gubernatorial and Congressional candidates and the county ticket that shall be nominated on that day.

By order of the Executive Committee of New Castle County.

## The County Convention.

The Democratic County Convention will assemble in the Court House at New Castle to-day for the purpose of nominating candidates for the office of Levy Court and both houses of the State Legislature, and to tranact such other business pertaining to the party politics of this county as shall come before it.

There will, doubtless, be questions of great importance to the interests of the party brought before this meeting, among which will stand prominent the alteration of the rules of the party to permit of the selection of onr candidates for the Legislature and Levy Court by the direct vote of the people of the different hundreds instead of by delegates chosen to a convention for the purpose as has been the custom heretofore.

Desiring to see the merits and demerits of this vexed question thoroughly discussed before the assembling of the convention, we, last summer, extended an invitation to all who take an interest in such matters to give expression to their views, on both sides of the question, through our columns. Our object was to have the matter brought fairly before the people that they might understand it and that the question might be settled, if possible, before the assembling of the convention. Our invitation was accepted and several letters from different parties, chiefly from Messrs. Wm. Dean and Samuel Townsend, appeared in our columns, the former opposing and the latter strongly advocating the proposed change as spoken of above.

There seems to be a very strong feeling in the county in favor of the ballot system. It is, doubtless, the best, if not the only, way to settle the disputes that have arisen in some of the Hundreds in reference to the choice of delegates. It is, perhaps, after all, the fairest manner in which to select the candidates, for then the people who will be called upon to vote for the candidates at the election will have a fair opportunity given them to express their voice in the selection of those candidates.

But whether it be decided to nominate by convention, as heretofore, or to throw the nominations back to the hundreds and let the people select their candidates for themselves, we sincerely hope that no ill-feeling will be permitted to disturb the harmony that should exist in our ranks. The manner of the selection of the candidates is a matter of but small importance compared with the success of the principles of good government as avowed by the Democratic party. Our prospects for success are more brilliant at the present time than they have been before for a long time. All the candidates thus far chosen by the Democrats are men of the strictest integrity and of superior ability and capacity for the offices for which they are nominated, and nothing but harmony and earnest working is required at the hands of the Democracy to secure their triumphant election in November next.

## Personalities in Politics.

Some of the Radical journals of this State, unable to advance arguments sufficiently strong for their purposes against the principles and policies of the Democratic party, indulge in most disgusting attempts to defame the personal character of the honorable and respectable gentlemen who have been placed at the head of our ticket. Neither Mr. Cochran nor Mr. Williams sought or asked for the position to which their friends seek to elevate them, and though it was to be expected that little-minded, mean spirited men would trump up every imaginable offence that these gentlemen ever committed, such as petty, sordid men like to remember, in their envy and jealousy of the more noble and exalted, we did not expect to see publishers of newspapers who boast of their "progress" in moral reform and enlightenment, loading their columns with such miserable trash.

One of those papers, which claimed to be the first to give the people information which every man, woman and child in the State, of any intelligence whatever, had already, acknowledged that the integrity and ability of Mr. Cochran could not be denied, but it brought "railing accusation" against him in regard to certain matters of opinion. It is about time that sensible journalists should cease to prate about "disloyalty" during the war, and to charge men who did not agree with them in political matters during that unhappy time, with "treason" The issues that divided the people at that time are done away with and other questions are before us now. There are entirely too many men in the Democratic party to-day who fought in the Federal army and took part on that side during the war to justify the wholesale charges of disunionism that are constantly brought against the Democratic party, and after all they are but questions of opinion which have become "dead issues" long ago. The battles of the day are sufficient to engage the attention of all, without recurrence to things of the past.

But the chief fault is to be found with those papers which, either as editorials or correspondence, publish venomous attacks on the private character of the candidates, trumping up and bringing to light little things that occurred—if they ever occurred at all—many years ago, and have no bearing whatever upon the ability or capacity of the candidates for the office to which their friends seek to elect them. Such communications as that which appeared in the Republican on Tuesday over the signature of "McCool" should not be permitted to appear in any paper. Let us fight the politics of our opponents on either side but let the personal character and private life of the various candidates alone. Not a Democratic paper in the State, so far as we know, has made a single attack upon the private character and life of Dr. Jump or Mr. Lofland and we trust they will not, and we are also glad to be able to say that the leading Republican journal of the State has also refrained from this petty business.

Come friends, let us catch the spirit of the age and conduct the warfare on the more noble principle of fighting the armies of our opponents and letting private property alone.

## "As Goes Wilmington, So Goes the State."

This was the cry of the Radicals before the election. Now that the "cruel war is over," however, and, notwithstanding the "colored troops fought nobly" the Democrats gained the battle, they (the Republicans) have found out that the fight was "only on 'local matters'" and doesn't indicate, in any degree, how it will be next fall. Oh, no! it don't indicate anything, of course, but when the third day of November comes we will see what is indicated by this election. A change from 830 majority one way to a majority of 30 the other looks a little suspicious about the way things will go whether it indicates anything or not.

THE WAR OF RACES.—Is not the unhappy relations of the races in the South, whence intelligence of a bitter feud and frequent fatal collisions are often received, a verification of the position taken by Dr. G. Troupe Maxwell, of New Castle, and published in a letter to the Savannah *Morning News*, last Summer (1873) which was republished in the TRANSCRIPT? In that letter Dr. Maxwell asserts that incongruous races cannot live together in harmony and peace, upon terms of equality—when their interests are brought into competition—and he therefore declares that "*The emancipation proclamation was a declaration of war between the races.*"

## Democratic Campaign Song.

BY THE BARD OF APPOQUINIMINK.

*Tune, Old Dan Tucker.*

Come, Democrats, both great and small,
And try what we can do this fall;
We have two coursers on the track
That go ahead but never go back.

CHORUS—Get out the way or get run over,
We are the boys that met at Dover.

There's farmer John, he's honest and true,
And Jimmy Williams, ditto too,
Old chickens of the Blue Hen stock
That never flinch nor never balk.

CHORUS—Get out the way, etc.

The Radicals are in a muss,
And soon will have a mighty fuss,
They've eat so much wool they've got the phthisic
And cry "Oh, Jump, bring out your physic."

CHORUS—Get out the way, etc.

But Dr. Jump, he cannot cure,
Says he, "the disease is chronic, sure,"
And thinks they all had better remember
Cochran and Williams in November.

So, Democrats, close up the ranks
And watch the enemies' many pranks,
And in November you will find
The Jumping party's jumped behind.

CHORUS—Get out the way, etc.

Two years ago Judge Poland was elected Representative to Congress from the Second District of Vermont by a majority of 5954 votes. On Tuesday, it is now believed, he was defeated in his attempt to obtain a re-election. We hope that further reports will confirm the earlier ones, for Judge Poland has been already too long in Congress, and has already done too much mischief there. There is a law, conceived and passed by him last winter, which bears the somewhat obnoxious title of "Poland's Gag law." We do not know that he owes his late discomfiture to that fact, but we believe, that as he wrought so earnestly for defeat in attempting to muzzle the press, he has got his reward in the contemptuous repudiation of his constestants. There was never a more iniquitous act placed upon the statute books of the nation than Poland's Gag law, and every decent man in the country, jealous to maintain liberty of speech and freedom of the printing press, will rejoice to learn that the author of such an infamous act shall hereafter be debarred from opportunity to devise and execute other evil legislation.—*N. Y. World.*

In consequence of rumors affecting the stability of the enterprise which have obtained currency through certain influences, it is appropriate to furnish some assurance to the general public that *The Aldine*—the Art Journal of America—is not in any embarrassment whatever.

As a commercial undertaking, it has been from the start a remarkable success, and is, to-day, more prosperous than it has ever been before.

*The Aldine* is the property of the Aldine Company, the organization of which, last month, brought to the enterprise an additional paid-up capital of $200,000.

The stock is in the hands of a number of the wealthiest men of New York, and the Company does not owe a dollar outside of its capital stock and the ordinary not due accounts of the month.

The brain which originated still controls and directs the production of each issue, and it is absolutely certain that Mr. James Sutton, as president of an organization possessing every facility, and backed with ample capital, will be able to go on faster and surer to the fullest development of an idea, the outlines of which elicited the warmest enthusiasm of his countrymen.

THE AMERICAN FARMER for September. This old established farm paper is promptly at hand. We notice that it has this month absorbed one of its contemporaries, the *West Va. Farm Journal*. Its pages are filled as usual with sound and practical information. No farmer, gardener, dairyman or stock raiser, but would be benefited by reading it.

All branches of farm work are treated, but especial attention is paid in this number to the wheat crop.

Published by Saml. Sands & Son, No. 9 North St, Baltimore, Md., at $1 50 a year; 5 copies, $5.00. Specimens sent free on application.

John W. Hall, Esq, whose nomination for Governor was warmly advocatad by a large number of the delegates in the convention, had he been nominated would have made a strong poll in this county where he has always lived and is best known.

Mr. Charles B. Lore, whose name was prominently before the convention for Representative in Congress, would also have received the cordial support of the Democrats of Kent.

The friends of these gentlemen will doubtless feel disappointed that they were not succesful in securing their nominations, but disappointment in politics, as in everything else, is unavoidable, and is but the experience of men in all parties. Let all, however, forget disappointment and cheerfully acquiesce in the behests of the party, now that the convention has acted. —*Delawarean.*

The Cincinnati Enquirer says that during the last few weeks some of the leading Western democratic politicians who have been sojourning at the White Sulphur Springs have been talking about the best available candidate for the next presidency, and that the preponderance of sentiment seemed to regard Gov. # THRESHER AND CLEANER,

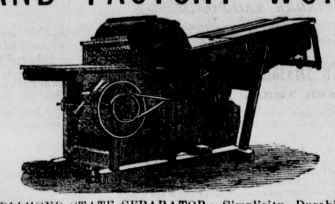
MILL AND FACTORY WORK, &c.



We claim for the DIAMOND STATE SEPARATOR: Simplicity, Durability and Capacity to do good work in all kinds of grain, and with any kind of power, from 2 or 3-horse tread, 4 or 6-horse sweep power, or a 4, 5 or 6-horse agricultural engine.

1st. It separates the straw from the grain perfectly. The oscillating movement of the Corrugated Shakers makes its separating the simplest and most complete of any machine in the market. It has no rakes or beaters. It will not throw over or waste grain, on account of an Improved Straw Agitator.

2nd. The Riddles are constructed differently from any other machine in the market. The double motion of the Fan, the manner in which the grain strikes the Riddles, makes its cleaning grain entirely free from straw, &c., and perfectly fit for market.

3rd. It has an Adjustable Concave and Feeder Duster, which protects the feeder from dust.—This machine has only two belts, is easily handled, and runs lighter than any other machine built, doing the same amount of work. It can be run from either side of the machine, either by gear or belt.

These machines are built of the best material, are well finished, strong and durable. When parties want a machine to thresh and clean from 15 to 50 bushels of wheat per hour, according to their power, we solicit an examination and trial of our machine, fully believing it fills all the requirements so long needed by farmers, viz: a machine that can do GOOD WORK under all circumstances, and sold at a LOW PRICE. This machine is well adapted to threshing cloverseed.

### CORNS, BUNIONS.

CORNS,—How they sting, throb, ache, smart and burn, upon our feet. In vain we beg, we threaten, we curse, we flourish the sharpest knives above their heads, we burn, we cut, hack, hew and fell, and still the pesky corns remain a thing of misery. Useless are entreaties, tears, curses, groans; nothing can remove our corns but Briggs' Alleviator and Curative, a sure cure for Corns, Bunions, Ingrowing Nails, and all ailments of the feet.

**Piles! Piles!** PILES, INTERNAL, EXTERNAL, BLEEDING OR ITCHING—The intense suffering occasioned by the disease, in its various forms, is known only to those who are unfortunate enough to be afflicted with it. The sleepless nights, the uncomfortable days, the haggard looks of the sufferer bear witness of the intensity of the pain experienced when troubled with this prevailing disease. The success of Briggs' Pile Remedy as a positive cure is unequaled in the annals of medicine. Relief is immediate when used as directed. The immense demand for this great remedy is unparalelled. Thousands are using it with the most satisfactory results.

**Headache.** Headache, Neuralgia and Nervous Diseases. The wonderful effect of Dr. J. Briggs' Alleviator, for the speedy cure of the above mentioned very prevalent and painful disease, is known to many thousands who have used it with unqualified success. In every case of the above enumerated complaints, it has never failed to give immediate relief.

**Consumption.** This fatal and dreaded disease is not always, can, and has been cured. Dr. J. B. Briggs' Throat and Lung Healer is a pleasant, agreeable and sure remedy for Coughs, Whooping Cough, Croup, Hoarseness, Bronchitis, Laryngitis, Sore Throat, Asthma, Consumption, and all diseases of the throat, lungs and chest.

### HAVE YOU TRIED JURUBEBA?

ARE YOU

**Weak, Nervous, or Debilitated?**

ARE you so languid that any exertion requires more of an effort than you feel capable of making?

Then try JURUBEBA, the wonderful tonic and invigorator, which acts so beneficially on the secretive organs as to impart vigor to all the vital forces.

It is no alcoholic appetizer, which stimulates for a short time, only to let the sufferer fall to a lower depth of misery, but it is a vegetable tonic acting directly on the liver and spleen.

It regulates the Bowels, quiets the nerves, and gives such a healthy tone to the whole system as to soon make the invalid feel like a new person.

Its operation is not violent, but is characterized by great gentleness; the patient experiences no sudden change, no marked results, but gradually his troubles

"Fold their tents, like the Arabs,
And silently steal away."

This is no new and untried discovery, but has been long used with wonderful remedial results, and is pronounced by the highest medical authorities, "the most powerful tonic and alterative known." Ask your druggist for it. For sale by
